

Camp TAG is Food Allergy Friendly
At [Tall Pines Day Camp](#)
Williamstown, NJ

Monday, July 27 – Friday, July 31, 2015

Camp TAG provides a safe place for children with food allergies and eosinophilic disorders and their siblings to have fun – with no worries about allergic reactions – and meet other children who share similar experiences. It is a bonding and empowering week for all campers, including parents.

This one-week day camp is designed specifically for children ages 4-12. For camp activities, children are grouped by ages to ensure experiences are age-appropriate:

* Ages 4-8 * Ages 9-12

Camp TAG is 95% fun and 5% educational, with age-appropriate activities and games each day on food allergies, anaphylaxis, nutrition, the emotional impact of living with food allergies (for children with food allergies and their families), and how to stay safe at school and at home. The curriculum was designed and reviewed by [FAACT's Medical Advisory Board](#). *There are two (2) nurses on staff at all times.*
