

Invention Project

Invention Project Summer Camp is coming to Olson Middle School!

Attention aspiring innovators and entrepreneurs! Dive into the world of innovation with Invention Project®, an immersive experience designed for students in sixth through ninth grade. Grab your friends, bring your creative minds and turn your ideas into reality.

Olson Middle School is proud to host Invention Project beginning on **July 22nd, 2019** in partnership with the National Inventors Hall of Fame® (NIHF). **Heather Petersack** will serve as Director and lead innovators throughout the program's various activities.

Explore circuitry, energy, bioengineering and economics through hands-on projects as you design high-tech prototypes that solve real-world issues. Develop an effective business model, build your brand, pitch your plan to investors and take your invention to market!

In Invention Project I, students participate in different daily activities. You will:

- Receive inspiration from NIHF Inductees, such as Post-it® Notes co-inventor Spencer Silver and a transportation device challenge from Steadicam® inventor Garrett Brown.
- Become inspired by the work of Nike® co-founder and NIHF Inductee William Bowerman to develop innovative shoes and then enter a mock free-market economy.
- Explore circuitry basics as you design and challenge your own motor-powered creatures and meet H.E.R.A.L.D., a search and rescue robot made by collegiate inventors.

Although the business deals are simulated, the skills, friendships and fun are real. It all takes place in an environment that inspires and supports individuality.

When Invention Project comes to an end, innovators won't have a patent, but they'll have the skills and confidence to make anything possible in the future.

The total cost of the program is **\$250**. Availability is limited, so complete the paper registration to secure a spot today!

Invention Project®

Looking for a **fun, high-energy** program where you can **team up with friends or work with new friends** to make the impossible possible? Check out our Invention Project® program!

Accept the challenge and secure your spot today!

THE CHALLENGES

1 DESIGN
+ PROTOTYPE
SMART GEAR

2 ENGAGE AS A LEADER, DEVELOPER or BUSINESS OWNER

3 DISCOVER YOUR INNOVATION STYLE AND — CREATIVE — PERSONALITY

4 CREATE MARKETING — AND — ADVERTISING CONCEPTS

5 LEARN WHAT IT TAKES TO KICK START A BUSINESS AND SIMULATE A PRODUCT LAUNCH

Your local Invention Project site information:

Price \$250 | Register your 5-8 grader today! *Registration Due By: June 18th, 2019*

Olson Middle School | 132 New Road Tabernacle, NJ 08088

July 22nd – July 26th, 2019 from 8:00 am to 2:00 pm

Directed by Heather Petersack

petersackh@tabschools.org | 609-268-0153 X1026

Space is limited. Students will be selected based on receipt of completed registration.

If in high demand, a second week possibly may be added.
